HUMANITARIAN CRISIS

Since August 2017, over 600,000 Rohingya have fled across the Myanmar border to Bangladesh. Victims of religious discrimination and targets of military violence, these stateless refugees are reaching critical mass. The IPA Foundation needs your help more than ever. Your generous contributions will be distributed to the Bangladesh Pediatric Association, who will use the donations to deliver tangible, life-saving assistance to displaced Rohingya children by way of vaccinations, essential medicines, obstetric care, sanitation supplies, and more.

DONATE today by visiting <http://ipaf-world.org/donate.html>, or mail a check payable to "IPA Foundation" to: 418 Webster Forest Drive, Saint Louis, MO 63119 USA.

Thank you for your immediate attention to this acute and sudden humanitarian crisis.
